A NOTE FROM OUR BOARD CHAIR

CHAD FARLEY

I have truly been inspired by this class with their drive and creativity. We have a new Facilitator this year and Erin Niebrugge has been great. She carries on the tradition of excellence amongst Jasper County CEO Facilitators. She has been instrumental in leading a very successful group in her first year. I could not be prouder of what they have already accomplished with the badge business and class business and I'm looking forward to their individual business and the Trade Show next Spring.

A NOTE FROM OUR FACILITATOR

ERIN NIEBRUGGE

I am very proud of the growth that I have seen in this year's class. As a first year facilitator, I am blessed to have been able to grow alongside them. I have seen these kids grow in maturity, responsibility, accountability, and learn how to work with those that are different from themselves. Students who could not make eye contact with others at the beginning of CEO are now approaching business leaders in the community with a handshake and smile. Students who did not know how to juggle their responsibilities are now setting priorities, making lists, and taking initiative. I am proud to see these students engage with speakers, business owners, and community leaders. They have formed

relationships that they are going to have for the rest of their lives. I am honored to be a part of the bond that this class has formed with one another. First years for anything are hard and I am beyond grateful for the support the students and I have received from our CEO board, the community, and our investors!
